

PITSOS P1ZAI1282W IOLI, Wall Mounted Air-Conditioner, 12K BTU with WiFi

SKU: IT50398

€429.00

Specifications

General Specifications

- Refrigerant: R32
- Wi-Fi mode for remote control of the air conditioner easily via smartphone or tablet
- Follow Me function to maintain the desired temperature at the point where the remote control is located
- Ionizer for removing odors and dust and creating a pleasant and clean environment
- Silver ion filter for neutralizing or neutralizing bacteria
- Indoor unit self-cleaning to prevent bacterial growth

- Filtering and perfect air purification with Bio Filter
- Removable and washable front filter
- Active carbon filter for holding small particles of dust, tobacco, pollen and animal hair
- Positioning of blinds at the initial angle when starting the unit after switching off
- Check the airflow angle from the remote control
- Cooling, heating, automatic mode, fan, sleep, dehumidification, turbo
- Temperature display on the indoor unit
- Uniform temperature system for equal temperature distribution between roof and floor
- Setting the On and Off Time (Timer)
- Automatic re-start function after power failure
- Error detection and auto-protection function
- 1 watts power consumption in standby mode
- Visual signal in case of coolant leakage
- Remote control with digital displays
- Anti Cold technology to prevent the introduction of cold air
- Up to 12 speed fan on the indoor unit
- 5-speed fan on the outdoor unit
- Coverage area: 16-23 m²

Cooling Capacity

- SEER (seasonal efficiency in cooling): 6,1W / W
- Energy Class Cooling: A++
- Annual power consumption: 200KWh
- Cooling Capacity: 12000 / (3700 - 14000) Btu / h

Heating Capacity

- SCOP (seasonal efficiency in heating) warmer era: 5,1W / W
- Energy class heating warmer era: A+++
- Annual power consumption: 796KWh
- Heating Capacity: 13000 (3300-14400) Btu

Noise Level

- Audio internal unit power (Hi): 53dB (A)
- Audible outdoor unit power (Hi): 59dB (A)
- Sound pressure level indoor unit (Hi / Med / Low): 41/36/28/23 dB (A)
- Sound pressure level outdoor unit: 56 dB (A)

Dimensions

- Indoor (WxDxH): 805 x 194 x 285 mm
- Outdoor (WxDxH): 770 x 300 x 555 mm
