

# PITSOS PSI12VW32 Nefeli Wall Mounted Air Conditioner, 12000BTU

SKU: IT67310

**€419.00**

## Specifications

---

### Cooling Efficiency

- SEER (seasonal efficiency ratio for cooling): 6,1 W/W
- Energy class for cooling: A++
- Cooling efficiency range: : 12,000 (3,800-14,200) BTU/hour
- Annual power consumption: : 221KWh/year

### Heating Efficiency

- Energy class in heating warmer season: A+++
- Heating efficiency range: 13,000 (3,700-14,400) BTU/hour
- SCOP (seasonal heating efficiency rating) warmer season: 5.1W/W
- Annual power consumption: : 686KWh/year
- Technical Specifications

- Indoor unit airflow (Hi/Mi/Lo): : 540/430/314 m<sup>3</sup>/h
- Outdoor unit airflow: 1800 m<sup>3</sup>/hour
- Coverage area: 16-23 m<sup>2</sup>
- Dehumidification efficiency: 1,2 litres/hour

## **General Specifications**

- Wi-Fi
- Coolant type: R32
- Home Connect technology for remote access and control of the device via a smart app on your smartphone or tablet
- Follow Me function: to maintain the desired temperature at the point where the remote control is located
- Silence function to keep the air conditioner running silently
- 8°C mode: ensures low consumption and a constant temperature in the room, even in extreme ambient temperatures
- Low Ambient Temperature function: ensures the ideal temperature in the room, even at extreme ambient temperatures
- Ionizer to remove odours and dust and create a pleasant and clean environment
- Cold catalyst filter: binds and removes indoor pollutants such as formaldehyde as well as other harmful gases and odours
- Silver ion filter for neutralizing or inactivating bacteria
- Filtering and perfect air purification with Bio Filter
- Activated carbon filter to retain small particles of dust, smoke, pollen and pet hair
- Self-cleaning internal unit to prevent bacterial growth
- Removable and washable front filter
- Setting of louvres to initial angle when starting the unit after it has been switched off
- Function of cooling, heating, automatic mode, fan, sleep, dehumidification, turbo
- Selected temperature display with LED illumination on the front of the indoor unit
- Uniform temperature system for equal temperature distribution between ceiling and floor
- Timer for activation and deactivation
- Automatic restart function after a power failure
- Fault detection and automatic protection function
- 1 watt power consumption in standby mode
- Visual signal in case of coolant leakage
- Remote control with digital display
- Anti Cold technology to prevent the introduction of cold air
- Up to 12-speed fan of the indoor unit

## **Noise Level**

- Indoor unit sound pressure level (Hi/Med/Low): 40,5/34,5/25db
- Lowest sound pressure level of indoor unit: 25 db(A)
- Indoor unit sound power level (Hi): 55 db(A)
- Outdoor unit sound pressure level: 56 db(A)
- Sound power level of outdoor unit (Hi): 63 dB(A)

### **Warranty**

- 10 years warranty

### **Dimensions & Weight**

- Indoor unit dimensions (HxWxD): 28.5 x 80.5 x 19.4 cm
- Outdoor unit dimensions (HxWxD): 49.5 x 72 x 27 cm
- Weight of indoor unit: 7.6 kg
