

DEVOLO Magic 2 WiFi 6 8813 WiFi Router

SKU: IT57323

€174.00

Specifications

Technical Specifications

- Connection Speed: Up to 1800 Mbps
- Frequencies: WiFi 2.4 and 5 GHz
- 4 Antennas: Operate simultaneously at frequencies and use the full bandwidth of the total 5 GHz radio frequency spectrum (DFS)
- Encryption for Powerline connection: 128 Bit AES
- Encryption for WiFi 6 connection: WPA2 / WPA3
- Ports: 2 x Ethernet RJ45

General Specifications

- Innovative G.hn
- Increase efficiency thanks to OFDMA: Dividing channels into smaller ones

increases efficiency

- Optimal use of different Multi-User MIMO transmission modes: enables higher performance data transmission and less latency to multiple WiFi users simultaneously
- Smart network management thanks to AP-Steering using 802.11v/k
- Airtime Fairness: The fastest devices have priority over the network
- Smart connection with Band Steering: The available frequencies and channels are used to the fullest
- Effective: Uses all three phases of electrical wiring for high efficiency and stability
- Stable signal thanks to Fast Roaming: lightning fast connection to the strongest WiFi access point
- Eco-friendly and economical: devolo PowerSave technology saves energy
- Built-in child safety
- Access time control
- High speed surfing everywhere in the house
- UHD streaming with top transmission rates

Dimensions

- Dimensions: 15.2x7.6x4 cm
