

EINHELL FREELEXO CAM 500 Robotic Lawn Mower 18V with Camera

SKU: IT66411

€809.95

Specifications

Technical Specifications

- Voltage: 18V
- Recommend lawn size: 500 m²
- Integrated camera
- It is secured with a PIN code
- Intuitive keypad with LCD display
- Intuitive keyboard: Easy to operate thanks to the function programmer
- Cutting width: 18 cm
- Cutting height: 20-60 mm
- Tilt and lift sensor
- Max. incline: 25%
- Independently avoids obstacles

- Identification of obstacles (soil, asphalt, gravel) and natural boundaries (walls, bushes, trees)
- Charging time: 1.5 hr
- Rain Sensor
- Noise Levels: 57 dB
- Programmable mowing times
- Safety sensor system thanks to impact, tilt and lift sensors
- Carrying handle for comfortable transportation
- 12m guide cable for easy installation around the charging station
- Unlimited freedom: no perimeter cable needed
- Different areas of the garden: Function for use in gardens with different/separate areas
- Brushless motor - without brushes
- [See the manual HERE](#)

General Specifications

- It overcomes ascents of up to 25%
- Rain sensor: alerts the robot when to return to its charging station
- The mowing times (day or night thanks to the low-noise technology) can also be easily adjusted
- If the battery needs to be charged or the mowing time has expired, the lawnmower will automatically go to the charging station
- The cutting height is infinitely adjustable between 20 mm and 60 mm
- It cuts the grass so finely that it stays on the lawn and serves as fertilizer (Mulching system)
- The camera detects the cutting area and natural obstacles such as stones, soil etc.
- Using an integrated camera, the FREELEXO CAM 500 recognizes the boundaries of the lawn to be mowed
- Anti-theft protection in form of PIN code and warning signal
- The magnetic tape acts as a virtual fence
- The magnetic sensors installed in the FREELEXO CAM detect the magnetic strip. In this way virtual fences can be created
- Replaceable battery: Can be flexibly used with all Powe X-Change devices

Included in the Box

- 1 Charging base
- 4 Fixing screws
- 1 Guide cable 12m
- 1 Magnetic tape 5m
- 3 Cutting blades

- 1 Battery Lithium 18V, 3.0 Ah
- 20 Fixing hooks
- 2 Connecting clamps
- 1 Hex key

Weight and Dimensions

- Weight: 8.75 kg
- Dimensions: 57 x 26.2 x 34 cm
