€22.00

Specifications

Technical Specifications

- Use: Protect and clean both the interior and exterior of your grill from grease and dried food residue
- Capacity: 500 ml
- The sprayer is safe to use and distributes the liquid evenly over the surface
- Spray without aerosol

General Specifications

- Before use, make sure the spray head is facing the correct direction
- Spray the surface you want to clean
- Leave it on for 10-15 minutes
- Clean the surface with a dry cloth or microfiber cloth until the preparation is completely removed
- The heated surface at a temperature of 40-50 °C increases the cleaning properties of the liquid
