

BORMANN BLF4020 Solar Flood Light 8.5W With Motion Sensor

SKU: IT67244

€39.90

Specifications

Technical Specifications

- Power: 8.5W
- Suitable for: Gardens, swimming pools, fences, yards, patios, roads, stairs, exterior walls, etc.
- It has a photovoltaic collector that collects and stores solar energy
- Can cover the lighting needs of an area of 5 to 10 square meters
- Waterproof
- Equipped with motion sensor
- Beam angle: 120°
- Charging Time: 6 hours
- Operating time: Up to 12 hours full charge
- High quality batteries with large capacity

- Cold white light: 6500k
- Luminous Flux: 850 Lumen
- 3 Lighting Modes: Sensor, All-Lighting, Dimmable Sensor Control
- [See the manual HERE](#)

General Specifications

- We recommend a mounting height of: 1.8-2.2 meters
- Easy installation without cables and extra materials
- Stores solar energy in rechargeable batteries, which are integrated in the collector
- Battery Size mAh: 2200

Dimensions

- Dimensions: 13.5x13.5x11 cm
