

# BOSCH DIB97JP50 Island Hood

SKU: IT45714

**€1,349.00**

## Specifications

---

### Technical Specifications

- For air extraction or recycling operation
- Absorbance in the exhaust mode according to EN 61591 ø 150 mm:
- -Maximum normal operating speed 444 m<sup>3</sup> / h, Intensive 718 m<sup>3</sup> / h
- 3 absorption steps + 2 intensive operation
- Noise levels min./max. normal operation: 46/54 dB
- BLDC EcoSilence Drive motor for maximum efficiency and energy saving
- Total power: 146 Watt
- Energy class: A
- Average annual energy consumption: 31.3 kWh / year
- 1.3 m plug connection cable

### General Specifications

- Distinctive lighting with 4 LED Spot of 1.5 Watt

- Turn dimming on and off with Dimmer
- SoftLight lighting fluctuation system
- Indication of saturation of metal filters
- Automatic extension for 10 minutes
- Lighting intensity: 409 lux
- Color Temperature: 3500 K.
- 3 x metal filters, with aluminum frame washable in dishwasher
- Non-air return mechanism
- Interior panel easy to clean

## **Dimensions**

- Tube diameter Ø 150 mm, 120 mm
- Extraction mode (xxxx): 744-924 x 898 x 600 mm
- Recycle Mode (xxxx): 744-1044 x 898 x 600 mm
