General Specifications

- Deferred shutdown
- Suitable for air exhaust or recirculation operation
- Easy mounting tab system
- Easy-Fix: The Moon 360 model has a mounting clip, meaning it can be installed easily, quickly and effortlessly by one person
- 360° spiral motor: thanks to its new design, it uses less power to achieve better results, providing greater efficiency with less energy consumption
- Flush mounting: this ceiling-mounted hood is flush with the ceiling, eliminating unsightly shadows and improving suction
- The Moon 360 hood can only be installed on a suspended ceiling, for which the ceiling must be constructed to withstand a weight of 30 or 40 kg

Dimensions

- Installation dimensions: 97.0 x 47.5 cm
- Minimum distance from the electric cooker: 140 cm
- Minimum distance from the gas cooking surface: 160 cm
