

NEFF D95IMW1G0 Chimney Hood

SKU: IT53954

€849.00

Specifications

Technical Specifications

- Maximum air extraction efficiency: 431 m³/h
- Intensive stage with air extraction: 714 m³/h
- Noise Levels: 53-65 dB
- Maximum air recirculation efficiency: 410 m³/h
- Intensive recirculation position efficiency: 632 m³/h
- Energy class: A
- Types of lamps used: LED
- Number of lamps: 2
- Total brightness: 238 lux
- Color Temperature: 3500 K

General Specifications

- For operation with air extraction or recycling

- Operation: 3 stages of normal operation and 2 intensive
- Eco silence drive engine
- Automatic extension for 10 minutes
- Intermittent Neff Air Fresh ventilation function
- Turn on and off lighting with a dimmer
- Soft Light dimming system

Dimensions

- Export function (HxWxD): 93-120x89.5x50.2 cm
- Recycling function (HxWxD): 99-126x89.5x50.2 cm
