### Technologies

- Thanks to Air technology, preheating air circulates inside your oven using an innovative convection system, offering healthy, juicy cooking results
- Smart Clean: Cleans your oven completely and effectively in just 30 minutes, without the use of detergents
- : Just add 200 cc. of water in the oven chamber, run the SmartClean cycle and then wipe with a dry cloth
- Pyrolytic Technology: Uses a high temperature duty cycle to burn off food residue, turning it into ash that is then easily wiped away with a sponge
- : Heat-reflecting glass surfaces on the oven door ensure that the outside temperature remains constant, for added safety
- Soft Closing: Thanks to the slow-closing hinges, the oven door closes easily, with

a soft and silent movement

- Sliding Shelves: The Whirlpool oven has shelves that slide smoothly, for greater ease of use
- Electronic temperature control
