

VATTI JSQ24-LE Water Gas Heater

SKU: IT57536

€450.00

Specifications

Technical Specifications

- Maximum volume of water: 12 lt / min
- Maximum thermal power: 24 Kwatt
- Energy class: A
- Water heating energy efficiency WH: 77.5%
- Gas type: G30 - (28-30)
- Noise level: 63dB

General Specifications

- Operation: Electronic Touch Screen, water heater operation via WIFI application
- Temperature Adjustment: Precise water temperature control from electronic touch screen and via WIFI application for easy fluctuation of desired temperature
- Ignition: Direct current connection

Safety

- Ventilation anti-lock sensor
- Overheating protection
- Water overpressure protection
- Dry ignition protection
- Water leakage protection

Dimensions

- Dimensions: 53x15x35 cm
