SKU: IT49698

€269.00

Specifications

Included Accessories

- Thermal Carafe
- Coffee Spoon
- Cone filter basket insert
- Mesh basket filter
- Flat bottom basket filter paper pack (10 pieces)
- Water hardness test strip

Capacity

- Water Tank Capacity 1.77 liters / 12 Cup

Construction Materials

- Brushed Stainless Steel

Dimensions (WxDxH)

- 36 x 16.8 x 39.5 cm

PID Temp Control

- The thermo-coil heating and pump system has PID digital temperature control providing adjustability and precision far greater than a traditional horseshoe shaped element system.

Pour Over Adapter Compatible

- Designed to suit your favorite pour over dripper such as Hario V6 and Kalita Wave.

Power

- 1650 Watts

Precise Temp Control

- Water temperature can be adjusted between 197-204 degrees as per SCA guidelines.

Settings

- Gold Cup, Fast, Strong Brew, Cold Brew, My Brew

Small Cup Detection

- This innovative feature controls water and coffee contact time when brewing single serve volumes up to 20 Oz or when making Cold Brew
