

ECOFLOW Portable Solar Panel 220 Watt for EcoFlow (Portable Power Station)

SKU: IT62291

€499.00

Specifications

Technical Specifications

- Type: Portable Solar Panel
- Power: 220 Watt
- [Compatibility: For EcoFlow \(Portable Power Station\)](#)
- Efficiency: 22% - 23%
- Open Circuit Voltage: 21.8V (Vmp 18.4V)
- Operating & storage temperature: -20°C to 85°C

General Specifications

- More energy with a two in one bifacial design

- EcoFlow's 220W Bifacial Portable Solar Panel is two in one, with a 220W primary side, and a 155W side on the back for ambient light
- Cell Type: Monocrystalline Silicon
- Portable and lightweight
- Self-supporting
- Up to 23% conversion rate
- Waterproof & Durable with IP68 waterproof rating
- One-piece folding design
- Easier charge wherever you are

Included in the Box

- 1 x Carry case Bag
- 1 x Solar to XT60 Charging Cable

Dimensions & Weight

- Unfolded dimensions: 82x183.5x2.5 cm
- Folded dimensions: 82x50x3.2 cm
- Weight: 9.5 kg
