

GO-PRO ADDBD-211-EU Dual Battery Charger and Two Enduro Batteries

SKU: IT59275

€74.95

Specifications

Technical Specifications

- Includes: 2 Rechargeable Enduro Batteries and Dual Battery Charger
- Compatibility: HERO11, HERO10 and HERO9
- Battery Type: Lithium Ion 1720 mAh

General Specifications

- Works with Enduro Batteries and Standard GoPro Batteries
- Enhances camera performance over standard GoPro batteries over a wide range of temperatures
- Extended recording times for HERO11 up to 38% in moderate temperatures compared to previous GoPro cameras and batteries
- Increases recording time on HERO10 and HERO9 with up to 40% improvement on HERO10 using high performance settings

- Dramatically improves cold-weather performance in temperatures down to 14°F (-10°C) in HERO10 and HERO9
- Optimizes charging so you'll get a fully charged battery as quickly as possible
- Dual LED lights display charging status of both batteries
